RULES OF SAFETY

I understand the Karate is a dangerous sport. If a student deliberately refuses to follow the instructional guidance of the instructor(s) or supervising students, or endangers the well being of himself, other students, instructors, or any other individual, the student may be asked to perform additional activities so that said student is aware that her/his behavior is dangerous and/or unacceptable. Assignment of activities will be left to the discretion of the instructor and may include writing assignments, additional exercises and/or other projects. **In the event the student is assigned activities, he or she will not be allowed to resume class until these activities have been successfully completed. Students who repeatedly endanger the safety of others will be asked to permanently leave the school.**
