Zoe Harrison Needs your help!

<https://www.gofundme.com/2e66ra7v>

Zoë and I are here at St. JUDE, Memphis Tennessee. Her tumor is intertwined on the back end of the pituitary gland. Craniopharyngioma is a very rare benign tumor that grows on the pituitary gland. It would be very difficult to do another surgery due to the location. It is extremely risky and important brain tissue surrounding it would be damaged. Zoë would not be the same. We opted for proton therapy here at St. Jude the treatment is approximately 8-10 weeks. Follow up appointment's every 3 months. I've had several people ask how they could help so I am creating this page for anyone who would like to help with the medical and personal expenses. Some of you know that I am on leave from work however I will be off work a few of these weeks unpaid as I will run out of paid leave and will have exhausted sick and vacation. Zoë's treatment here is 8-10 weeks. (I have 6 weeks paid) I used the other 6 weeks in March with her first tumor. Any amounts are much appreciated and know this is not easy for me to humble myself and set my pride aside. I do not like to ask for help from anyone but this is bigger than my pride. Thank you again, the support and prayers are amazing. Our faith is strong and I believe God has this in his hands. He gives us strength! Oh Lord, lead me, guide me and walk beside me! Thank you Cheila Rosencrans

Tibon's Goju Ryu Karate Program

Go is Japanese for hard, *ju* means soft, and the phrase *goju ryu* refers to a type of karate, pioneered in 1930, that uses both types of movements. "Hard" generally refers to closed-hand attacks. "Soft" generally describes open-handed and circular motions used in defense or grappling, as well as the aggressive throwing of cotton balls. To say that Sensei Tibon is an expert in this form of Okinawan karate might be an understatement. He estimates that he's trained hundreds of athletes who went on to win national and international competitions, and his own trophy case isn't exactly lacking, either. Sensei Tibon has also lent his martial arts and instruction skills to an array of outreach organizations. On the mat at one of his studio's multiple locations, however, Sensei Tibon directs his focus completely to the lesson at hand, which can be anything from a weapons class or beginner classes for kids aged 4 to 12.
