Tibon's Goju Ryu Fighting Arts Community Outreach Program

With

Danielle Tibon

Community Outreach Coordinator

Students and Parents Tibon's Goju Ryu Karate has made significant contributions to our community, but we know there is more we can do to even greater impacts

We have recently installed a new position in our Karate Organization to help our students with Community Service, especially our Leadership. But we open the door for any of our organization students who want to volunteer to help our community.

A message from Danielle!

Calling all Leadership Students! It is time to roll our sleeves up and get out into our community to volunteer! Our community is facing difficult times and it's going to take the hard work of students like you to make a difference. Volunteering in our community not only is an eye opener to see how the rest of our community lives, but it makes you better individuals and is very beneficial when it comes to college applications. Please submit 2-3 ideas you have for volunteering in our community to the office by February 15th and list any other outside activities (with time and day please) conflict with volunteering on the weekends. Thank you & looking forward to working with all of you! –

Congratulations Tibon's Goju Ryu Karate Newest Color Belts for January 2018

**The Leadership Team of Black Belt and Brown Belt
Have Added Green Belt 3 Stripes to
Leadership Class
Next Leadership Meeting February 25, 2018 Sunday 11am-1pm**

Leadership training is exactly that, it teaches our students to become role models, leaders, positive examples, interns to the assistants to the Instructors. It helps develop confidence, taking initiative, understanding customer service, builds team work relationships with the instructor team. This class teaches one how to take initiative towards addressing an issue, and developing a creative idea in making a person who can work in developing others.

Our Leadership program teaches our students about business and corporate understanding. This class will affect them in school, work, clubs, organizations, along with the development of their interpersonal skills.

Once or bi-monthly we have a Leadership meeting for two hours, which will include lunch. After receiving the black belt, our Leadership Instructors work to maintain an excellent grade point average, which has been beneficial for preparation when going off to college or university to achieve their degrees. Once they have received their Associates, Bachelors, and/or Master's Degree, they find that our Leadership Class has prepared them for the Management positions they may have applied for. We go beyond teaching great martial arts. During their training in Goju Ryu Karate; we teach our students to be successful in life, and how to apply these skills into their lives.

We welcome the new Green Belts 3 strips, whose next level is Brown Belt to our Leadership Program. You qualify for your Leadership patch when you have participated in a minimum of 2 Leadership
Any questions please call Sensei Gene Tibon at the main dojo at (209) 465-0943.

Sensei Charles Dangerfield

Tibon's Goju Ryu Karate 1st Degree Black Belt and Masters Martial Arts Hall of Fame Inductee writes book that gives back through experience

About The Author

Charles Dangerfield is the author of *Filling A Void*. The book emphasizes the importance of fatherhood and manhood in a young boy's life. In addition, it details the experience of Charles himself, reflects on things he has learned from his past, and talks about how he mentors young men without positive father figures in their lives.

Charles was born in Stockton, California and raised by his teenage mother. His father was an absent, drug addict who was often incarcerated. His step-father was an abusive alcoholic. As a result, young Charles was left without positive father figures in his life. Despite those early childhood challenges, his mother enabled Charles to grow up to be the opposite of his father and step-father. Therefore, Charles resolved to have a positive impact on other young men who, like himself, did not have encouraging father figures in their lives.

Charles served in the United States Navy as a young man. Then he worked in law enforcement for 28 years and retired as the Chief of the Department of Corrections street law enforcement unit, which was appointed to him by the Governor of California.

What *Filling A Void* Is About

Filling A Void is about the importance of fatherhood and manhood in a young boy's life. If the father or father figure is absent, it causes a void. The kind of void that can lead to other issues. Charles helps fill that void by mentoring young men who lack positive male role models in their lives. It gives them hope, guidance, and inspiration to become successful, productive members of their community. Therefore, this is a calling Charles takes seriously and is near and dear to his heart.

In conclusion, the book *Filling A Void* inspires. Charles has poured years of personal and professional experience into this book as a resource for single mothers and young men. Also, he is passionate about sharing his God-given gifts, talents, wisdom, and knowledge to improve the lives of others. Charles is a devoted husband, Christian, father of 4 adult children, and grandfather of 12.
